

Human Maintenance Built Into the Workday

Choose your starting point.

START WITH THE EXPERIENCE

5-Day Tactical Reset

\$15,000

Five days onsite with practical brain-body tools, movement, simple education, and short opportunities to reset within real workdays.

Staff can try tools, return, and ask questions. The agency can observe participation, workday fit, and what may be useful to keep.

OR START SMALL

Small Agency Kit

\$4,793.74

Agency-owned equipment + three onsite half-days of instruction.

2 B3 sets, 1 Pro3+, 1 AO Back, 1 660 Band, Neuro Ball + Neuro Hand.

For smaller teams or smaller budgets.

OPTIONAL NEXT STEP: OWN THE TOOLS + LEARN TO RUN THEM

CORE

\$23,723.24

AO Hub + AO Scan

A practical equipment foundation.

Equipment + year-one AO Scan + six onsite days.

SILVER

\$26,836.98

AO Hub + AO Scan

An expanded equipment selection.

Equipment + year-one AO Scan + six onsite days.

GOLD

\$41,206.99

AO Hub + AO Scan

The broadest equipment selection.

Equipment + year-one AO Scan + six onsite days.

THE AGENCY KEEPS THE KIT

A compact starting point when space and budget are limited. No dedicated gym or AO Scan subscription required.

Instruction is scheduled with the agency. A roller bag is optional if the equipment needs to travel.

The kit can stand on its own. Any later expansion depends on agency needs.

Implementation packages are additional purchases after the 5-Day experience. Each includes agency-owned equipment, 12 months of the required AO Scan subscription, and six onsite implementation days. AO Scan renewal is separate after year one. Package selection follows agency needs and field learning.

Working offer map | Product tax and shipping are extra. Travel and lodging, when applicable, are quoted separately. See the package comparison and Small Agency Kit offer for equipment quantities and scope.
